

CALL FOR APPLICATIONS

Job:

Job reference:	AE2017-0211 (SMILES-8 - CEGI) INESC TEC - Instituto de Engenharia de Sistemas e Computadores, Tecnologia e Ciência
Position:	Research Grants (BI)
City:	Porto
Research field:	Main: COMPUTER SCIENCE Sub: Modelling tools

Job summary:

INESC TEC is accepting applications to award 1 Research Grant for MSC or Degree holders.	
Project:	SMILES - Smart, Mobile, Intelligent and Large scale Sensing and analytics (NORTE-01-0145-FEDER-000020)
Scientific Advisor:	João Pedro Pedroso
Duration Grant:	from 2017-09-20 to 2018-06-19 (9) . The grant may be renewed for additional periods up to the maximum duration of the project or the duration of the grant for which the candidate was selected. It can also be renewed due to another project provided that it is entirely or partly related to the work area in the call and that it contributes to the ongoing training.
Location:	INESC TEC, Porto, Portugal

Job description:

Work Area:	Modeling, simulation and optimization
Project overview:	Transportation models supported by real-time computational applications will be ubiquitous in the near future, as they allow for huge gains in efficiency when compared to traditional models. We depart from matching algorithms currently used in new service paradigms, such as those of UBER and Amazon Flex. We aim at improving the solutions obtained by both drivers and customers, by addressing the problem of optimal waiting areas for cars. More details in http://www.dcc.fc.up.pt/~jpp/Announcements/Smiles.html
Objectives:	Development of models for tackling this problem. These will involve machine learning (for assessing service levels in different areas), competitive matching and simulation.

Academic Qualifications:	BSc Degree or MSc in Computer Science or similar area
Minimum Profile required:	Very good programming skills
Preference factors:	Experience with simulation and optimization problems
Monthly Grant:	€745,00 (Degree) or 980,00 (MSC) according to the Stipends values of the grants awarded directly by the FCT, paid by bank transfer. The grant holder may also benefit from additional incomes in the sequence of a quarterly evaluation process (Clauses 12 and 13 of INESC TEC Grants Regulation and Annex II), up to a maximum of 50% of the monthly grant.

Project duration:	2015-07-01 a 2018-06-30
Funding Entity:	CCDRN, financiado pelo Fundo Europeu de Desenvolvimento Regional (FEDER) através do Programa Operacional Regional do Norte (NORTE 2020)
The grant contract shall be submitted to the legislation concerning the Research Grant Holder Statute , approved by Law n 40/2004, dated 18 August, amended and republished by Decree-Law No. 202/2012 of 27 August and amended by Decree-Law No. 233/2012 of 29 October and by Law No. 12/2013, of January 29, and Decree-Law No. 89/2013 of July 9 as well as by INESC TEC Grant Regulation , approved by FCT - Fundação para a Ciência e a Tecnologia (Science and Technology Foundation) in 12 January 2011 and FCT current Grant Regulation. Additional information about INESC TEC Grants Regulation and relating annexes may be found at www.inesctec.pt/grants	

Selection Criteria:	Curriculum evaluation based on the criteria referred to in Clause 7º INESC TEC Grants Regulation and will include individual interviews in the final stage of the selection process, with its valuation: 85% curriculum evaluation (50% CV, 20% scientific domains and 15% Expertise) and 15% interview.
Selection Jury:	President of the Jury: Prof. João Pedro Pedroso; Permanent Member: Prof. Ana Viana; Substitute Member: Prof. Katarzyna Gdowska;
Notification of results:	The results of the selection process will be disseminated to interested parties by mail, as referred to in Clause 8 of INESC TEC Grants Regulation .
Application period:	From 2017-08-08 to 2017-09-08
Application submission:	Fill in the electronic form in the section Work with Us at www.inesctec.pt , attaching the Curriculum Vitae, certificate of qualifications and other supporting documents relevant to the final assessment.
